

Godstone Village School PE Sports Funding 2017 / 2018

We are expecting to receive £17,740 in the 2017/2018 financial year in a dedicated Sports Grant from the Department for Education. This funding will enable the School to make additional and sustainable improvements to the quality of PE and sport. The funding will also contribute to upskilling staff in PE disciplines, will allow us to provide a variety of internal and external sporting clubs, improve competitive sporting opportunities and purchase age appropriate PE equipment. This will ensure that:

- We are able to offer appropriate PE and sport activities to for all age groups, increasing pupil engagement and ensuring all children are given access to opportunities to try a variety of sporting activities that they may otherwise not access
- We are able to maintain high quality PE provision for the school in future years
- Our PE subject leader is effective in monitoring sport provision across the school and is up to date with current best practice
- Our Teachers are given the opportunity to have CPD opportunities and share skills learnt with teachers within the school. CPDs will be undertaken by a variety of staff to allow lots of opportunity for individual development within the school.
- The School participates fully and competitively in locally organised and age appropriate festivals and competitions and promotes/encourages inter school sports events
- Continue to widen the range of age appropriate and varied equipment we have in school
- Grow on the success of the 2017 Summer Term Sports Day; continue to expand and encourage family engagement and participation in sporting activities arranged by the School.

TOTAL EXPENDITURE	£13,950	

We anticipate £3,800 being carried over to the next year. This will be allocated to buying a scheme to help teachers assess and plan lessons to a higher quality.

Effect of the premium on pupils PE and sports participation and attainment

Godstone Village School has continued to build upon our aim of developing the rigour and quality of our PE provision. We achieved the School Sports Mark Silver award in 2016, improving on our previous two bronze awards, which recognises and celebrates the improvements made.

Participation in extra-curricular clubs has improved. Dance club has been extremely popular, with many pupils from Years 2 to 6 attending.

Through our links with our local cluster of schools, we have further developed our participation in sports festivals and competitions. These provide regular opportunities for high quality inter-school (level 2) competitions in a range of areas, from netball to athletics. Improvement in the number of requests from pupils to enter inter-school competitions has resulted in an increased number of teams being entered for the second year running.

Pupils with physical difficulties are being supported further within lessons with the introduction of activities learnt from their entry in the Pentathlon and the purchase of specific resources.

Year 5 and year 6 pupils who have attended sports leaders training are involved in planning and delivering sports activities for the younger pupils throughout the school. As a result, physical activity levels increased at lunchtime.

Teachers are far more confident teaching PE following CPD opportunities and Val Sabin progressive scheme of work.
