Dear Parents and Carers,

We will be celebrating World Maths Day on Wednesday 5th May. This is a great opportunity for the children to explore different areas of the mathematics curriculum and take part in interesting investigations within their class. There will be special maths challenges on this day and a chance for the children to show off their maths skills.

As part of World Maths Day, we will be taking part in a Worldwide Maths Challenge on Mathletics. Children will compete against children from all over the world in a 'Live Mathletics' challenge. This will take place simultaneously across the world from 7pm on Tuesday 4th May to 7pm on Wednesday 5th May. Please can you allow your child to have extra time on Mathletics during this time and make sure that they are on the live Mathletics section. I have attached a link with some useful tips for getting ready for the competition.

It would be amazing to see students and classes from Godstone Primary and Nursery School on the leaderboard for this, so good luck everyone!

Thank you for your support.

Yours sincerely,
