Introduction

Our school aims to ensure that it;

- Manages its buildings and equipment in an efficient, legally compliant way.
- Inspects and tests buildings and equipment regularly, taking into account statutory requirements and best practice recommendations.
- Promotes the safety and wellbeing of our staff, pupils, parents and visitors through effective maintenance of buildings and equipment in accordance with the Health and Safety at Work etc. Act 1974.
- Complies with the requirements of The School Premises (England) Regulations 2012.
- Complies with the requirements of the statutory framework for the EYFS.

This document is based on the Department for Education's guidance on Good Estate Management for Schools (GEMS).

Roles and Responsibilities

The Governing body, Headteacher, School Business Manager who is also acting as Premises Manager will ensure this Premises Management policy is properly implemented, and that tests and inspections are carried out in accordance with this policy.

The Headteacher and Premises Manager are primarily responsible for ensuring relevant risk assessments are conducted and for reporting to the Governing body, as required.

The Premises Manager is responsible for;

- Inspecting and maintaining the school premises.
- Conducting repairs and maintenance.
- Being the first point of contact for any issues with the premises.
- Conducting and keeping a record of risk assessments and incident logs related to the school premises.
- Liaising with the Headteacher and School Business Manager about what actions need to be taken to keep the school premises safe.

Where appropriate we engage a suitably qualified person to carry out inspection, testing or maintenance.

Inspection and Testing

We maintain accurate records and details of all statutory tests which are undertaken at our premises. This includes relevant paperwork and certificates.

All requirements and recommendations highlighted in inspection reports and certificates are reviewed and acted on as necessary.

As part of the records of completed works, we include the dates when the works were undertaken and the details of the individual or company who completed them, along with their qualifications/certifications and/or experience.

The table below sets out the Areas we inspect, the requirement and inspection frequency. It covers statutory checks as well as recommended good practice checks from the relevant guidance in the checks and testing sections of GEMS.
